

FOUNDING PARTNER PROGRAMME · LIMITED TO 3 AGENCIES

One complete system. Built free. *In exchange for proof.*

As a founding-stage company with one flagship deployment already live, we are selecting a small number of licensed agencies to receive one automation system **completely free of charge** — professionally built, to the same standard as our paid work. In return, we ask only for the right to document the results.

◆ What You Receive — Free

- ◆ **One complete automation system** of your choice from our five systems, professionally built
- ◆ **Full installation, testing & training** for your team
- ◆ **30 days of free operation** including hosting and support
- ◆ **A written Operations Audit** of your agency — yours to keep

◆ What We Ask In Return

- ◆ **A written testimonial** if — and only if — you are genuinely satisfied
- ◆ **Case-study rights:** permission to state "We built [system] for [Agency]" with before/after figures
- ◆ **A referral introduction** to one fellow agency director, if you found the work valuable
- ◆ **Feedback sessions** — honest input during the 30 days

After the 30 Days

You choose, with zero obligation: *(a)* continue on the standard monthly care plan and keep the system running, or *(b)* end the programme — the system is decommissioned, your data is returned, and we part as friends. No hidden fees. No automatic charges. Ever.

PROGRAMME TERMS

1. This programme covers one (1) system per agency, at the Provider's discretion regarding technical scope. **2.** The free period is thirty (30) days from live handover. **3.** The Client provides reasonable access and a contact person as per the Onboarding Packet. **4.** All data is handled per the Kenya Data Protection Act, 2019; case-study figures are published only in aggregate and with written approval of the final text. **5.** The testimonial is voluntary and conditional on genuine satisfaction. **6.** Continuation after 30 days requires a signed Service Agreement and the standard monthly care plan. **7.** Either party may end the programme at any time with written notice.
